Form 990, Part III, Line 4a - Program Service Accomplishments

Money and Influence: This year, MapLight identified and spotlighted serious gaps and loopholes in our nation's election laws which, combined with the challenges of voting during the COVID-19 pandemic, posed threats to the integrity of the 2020 presidential election - and pushed these out into the national discourse before the election, in time to help the media and the public prepare for what was to come. We also made combating online disinformation our top priority, including convening a coalition of democracy, tech policy, and civil rights groups to work together to pass federal and state legislation to combat online misinformation, and launching a new browser plug-in to fight voter suppression online. And we published a new graphic novel - "Unrig: How to Fix Our Broken Democracy" - that explains the problems with our government and offers concrete and practical solutions to engage and inspire readers. From money in politics, to gerrymandering, voter suppression, the electoral college, and more, Unrig is making democracy's challenges and solutions accessible to a wider audience.

Form 990, Part VI, Line 11b - Form 990 Review Process

The 990 is prepared by the president, accounting firm, and bookkeeper, and is provided to each board member for review, prior to filing.

Form 990, Part VI, Line 12c - Explanation of Monitoring and Enforcement of Conflicts

Employees must disclose any actual, potential, or apparent conflict of interest to the President. Where appropriate, the President may require suitable remedial action, such as divestiture of adverse interests, recusal from certain decisions, or other action to avoid an appearance or existence of a conflict. As used herein, "employee" includes all those individuals working full or part-time for MapLight, whether in a paid or voluntary capacity, including board members, as well as all

- our work has invigorated the national debate, empowered accountability advocates, and changed public policy. In the past year, we've also expanded our work combating digital deception, drawing attention to how micro-targeted political advertising and other strategies are being used to manufacture and manipulate public opinion during political events.
